BILLING CODE 3410-02-P

Rural Utilities Service

7 CFR Part 1755

Telecommunications Program Regulations

AGENCY: Rural Utilities Service, USDA.

ACTION: Final rule.

SUMMARY: The Rural Utilities Service (RUS) amends its regulations on Telecommunications Standards and Specifications for Materials, Equipment and Construction, by rescinding a number of outdated bulletins. These bulletins are incorporated by reference in RUS telecommunications regulations and thus are regulatory in nature.

EFFECTIVE DATE: December 6, 1995.

FOR FURTHER INFORMATION CONTACT:

Richard J. Peterson, Deputy Director, Telecommunications Standards Division, Rural Utilities Service, room 2835, South Building, U.S. Department of Agriculture, Washington, DC 20250-

1500, telephone number (202) 720-8663.

SUPPLEMENTARY INFORMATION:

Executive Order 12866

This final rule has been determined to be not significant and therefore has not been reviewed by the Office of Management and Budget.

Executive Order 12778

This final rule has been reviewed under Executive Order 12778, Civil Justice Reform. If adopted, this final rule will not:

(1) Preempt any State or local laws, regulations, or policies;

(2) Have any retroactive effect; and

(3) Require administrative proceedings before parties may file suit challenging the provisions of this rule.

Regulatory Flexibility Act Certification

The Administrator of RUS has determined that this final rule will not have a significant economic impact on a substantial number of small entities, as defined by the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). This final rule streamlines and updates RUS requirements for telephone borrowers by rescinding obsolete standards and specifications. Borrowers unable to use products meeting only the specifications being eliminated may experience increased short-term costs. However, RUS believes borrowers will benefit from reduced overall costs due to the greater durability and lower maintenance costs over time. These bulletins no longer meet industry standards.

Information Collection and Recordkeeping Requirements

This final rule contains no information collection or recordkeeping requirements under the Paperwork Reduction Act of 1980 (Pub. L. 96-511).

National Environmental Policy Act Certification

The Administrator has determined that this final rule will not significantly

affect the quality of the human environment as defined by the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*). Therefore, this action does not require an environmental impact statement or assessment.

Catalog of Federal Domestic Assistance

The program described by this final rule is listed in the Catalog of Federal Domestic Assistance Programs under number 10.851, Rural Telephone Loans and Loan Guarantees, and 10.582, Rural Telephone Bank Loans. This catalog is available on a subscription basis from the Superintendent of Documents, the United States Government Printing Office, Washington, DC 20402.

Executive Order 12372

This final rule is excluded from the scope of Executive Order 12372, Intergovernmental Consultation that requires intergovernmental consultation with state and local officials. A Notice of Final Rule entitled Department Programs and Activities Excluded from Executive Order 12372 (50 FR 47034) exempts RUS and RTB loans and loan guarantees, and RTB bank loans, to governmental and nongovernmental entities from coverage under this Order.

Background

RUS issues publications titled "bulletins" which serve to guide borrowers regarding already codified policy, procedures, and requirements needed to manage loans, loan guarantee programs, and the security instruments which provide for and secure RUS financing. RUS issues standards and specifications for the construction of telephone facilities financed with RUS loan funds. After review of RUS's bulletin and specification issuances, RUS has decided to rescind the outdated RUS bulletins listed below. These bulletins are incorporated by reference at 7 CFR 1755.97.

LIST OF RUS BULLETINS FOR RESCISSION

RUS bulletin No.	Specification No.	Date last issued	Title of standard or specification
345-13	PE-22	Jan. 1983	RUS Specification for Aerial and Underground Telephone Cable.
345-29	PE-38	Feb. 1982	RUS Specification for Self-Supporting Cable.
345-75	PE-65	Jan. 1977	RUS Specification for Electronic Trunk Circuits.
345-168	Form 538	Oct. 1977	RUS Specification for Equipment for Direct Distance Dialing.

RUS Bulletins 345-13, RUS Specification for Aerial and Underground Telephone Cable, PE-22 and 345-29, RUS Specification for Self-

Supporting Cable, PE-38 specify the technical requirements for air core cables that are primarily used in aerial plant installations. With the

development of filled cables having 80 degree Centigrade filling compounds, filled cables, which are primarily used for direct buried and underground plant

installations, can now be used for aerial plant installations. Since filled cables provide greater service reliability than air core cables, filled cables for aerial plant installations have increased on RUS borrower construction projects. This increasing use of filled cables for aerial installations has resulted in a decline of air core cables for aerial plant construction projects. Since the use of air core cables in aerial plant construction is declining on RUS borrower projects, RUS is rescinding both bulletins because of obsolescence.

RUS Bulletin 345-75, RUS Specification for Electronic Trunk Circuits, PE-65, is being rescinded because RUS trunk circuits are now digitally derived making RUS Bulletin 345-75 obsolete.

RUS Bulletin 345-168, RUS Specification for Equipment for Direct Distance Dialing, Form 538, specified the technical requirements for equipment use in direct distance dialing. Since the equipment requirements for direct distance dialing are now specified in RUS 7 CFR 1755.522, RUS General Specification for Digital, Stored Program Controlled Central Office Equipment, RUS Bulletin 345-168 is no longer required therefore making the document obsolete.

Comments

On January 5, 1995, RUS published a proposed rule (60 FR 1758) to rescind RUS Bulletin 345-13, RUS Specification for Aerial and Underground Telephone Cable, PE-22; RUS Bulletin 345-29, RUS Specification for Self-Supporting Cable, PE-38; RUS Bulletin 345-75, RUS Specification for Electronic Trunk Circuits, PE-65; and RUS Bulletin 345-168, RUS Specification for Equipment for Direct Distance Dialing, Form 538, because of obsolescence. Comments on this proposed rule were due by February 6, 1995. Comments and recommendations were received from four organizations by this due date. The comments, recommendations, and responses are summarized as follows:

All four organizations commented that they agreed with RUS's decision to rescind all four of the outdated bulletins.

Response: Since all four organizations agreed with RUS's decision to rescind the outdated bulletins, RUS will rescind the outdated bulletins.

BILLING CODE 3410-15-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

18 CFR Part 11

[Docket No. RM86-2-000]

Update of the Federal Energy Regulatory Commission's Fees Schedule for Annual Charges for the Use of Government Lands

Issued October 31, 1995.

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Final rule; update of Federal land use fees.

SUMMARY: On May 8, 1987, the Commission issued its final rule amending Part 11 of its regulations (Order No. 469, 52 FR 18201 May 14, 1987). The final rule revised the billing procedures for annual charges for administering Part I of the Federal Power Act, the billing procedures for charges for Federal dam and land use, and the methodology for assessing Federal land use charges.

In accordance with the Commission's regulations, the Commission by its designee, the Executive Director, is updating its schedule of fees for the use of government lands. The yearly update is determined by adapting the most recent schedule of fees for the use of linear rights-of-way prepared by the United States Forest Service. Since the next fiscal year will cover the period from October 1, 1995, through September 30, 1996, the fees in this

notice will become effective October 1, 1995. The fees will apply to fiscal year 1996 annual charges for the use of government lands.

EFFECTIVE DATE: October 1, 1995.
